

***LWF Sport Horses
Presents
Dr. Christian Schacht
June 15, 2010
9:00—4:00***

***Free Jumping Clinic
And
The European History in Breeding and Riding***

Every horse can benefit from some cross training and free jumping is an excellent choice for horses of every discipline. It is also one of the best ways to start horses over fences. Come and find out from a well known equine educator, rider, fully licensed dressage and jumping judge, breeder, trainer, author, and veterinarian how to properly set up and use a jumping chute. Dr. Schacht will discuss proper distances, safety, and how to teach your horse to use himself correctly over the jumps. There will be a lecture followed by setting up a chute and sending horses of various ages and experience thru the chute.

After a short break Dr. Schacht has a very interesting speech about the European History in breeding and riding with some explanations of the changing of conformation over the centuries that has resulted in the modern horse of today.

Free Jumping Clinic \$20.00

Afternoon Lecture \$15.00

Lunch \$10.00

Or \$40.00 for all day

RSVP by June 10 for lunch
