with a 50% deposit in
the order they are
received.

2 day Under Saddle Clinic

This clinic is especially good for young horses and people working with young horses. Michael has had great success with the development of young horses under saddle ensuring they are off to a correct start and helping to prepare for the USEF and FEI young horse competitions.

Michael can also work with older horses and their riders to help develop the horse for their level of work and ensure that the foundation is solid and the training program will achieve the desired result.

Michael Bragdell is originally from Gothenburg, Sweden. In 1995, Michael joined the Hilltop Team, where he now holds the position of trainer and professional handler. Over the years he has presented numerous stallions and over 500 mares and foals at different breed registry inspections. Michael has a special gift with starting and developing young horses. His youngsters are known for being forward, light and confident. Michael believes in keeping the work interesting for the young horse to ensure they stay fresh and happy throughout their career. Four of the youngsters that Michael has started at Hilltop have gone on to recent wins in the USEF/Markel Young Horse Championships.
